BOOK SYNOPSIS

"Winter Tide is a weird, lyrical mystery — truly strange and compellingly grim. Its an innovative gem that turns Lovecraft on his head with cleverness and heart" —Cherie Priest After attacking Devil's Reef in 1928, the U.S. government rounded up the people of Innsmouth and took them to the desert, far from their ocean, their Deep One ancestors, and their sleeping god Cthulhu. Only Aphra and Caleb Marsh survived the camps, and they emerged without a past or a future. The government that stole Aphras life now needs her help. FBI agent Ron Spector believes that Communist spies have stolen dangerous magical secrets from Miskatonic University, secrets that could turn the Cold War hot in an instant, and hasten the end of the human race. Aphra must return to the ruins of her home, gather scraps of her stolen history, and assemble a new family to face the darkness of human nature. Winter Tide is the debut novel from Ruthanna Emrys, author of the Aphra Marsh story, "The Litany of Earth"--included here as a bonus. At the Publishers request, this title is being sold without Digital Rights Management Software (DRM) applied.
